## ABOUT OLDFRUEEN BED AND BREAKFAST...

Oldfruen is placed in Denmark's southern and biggest tourist area, Marielyst. We have more than 14 km beautiful and child friendly eastward sand beach.

It is Dan and Tinna Kobbernagel who are behind this new kind of accommodation. We have gone to great lengths not to compromise, during the construction of Oldfruen. Therefore Oldfruen is listed in the latest in construction materials, with a very high fire safety and with a healthy indoor climate, all together with a halving of the sound penetration in our apartments.

The name "Oldfruen" derives from Tinna's past working as a matron for 15 years both in Denmark and the Caribbean, where she handled everything from cleaning, childcare, serving and cooking for the royals.

It will be Tinna herself you will meet at Oldfruen, since we in addition to uncompromising quality in our construction, also prioritize high quality service, which means that we at all times will be ready to provide a personal service so you can feel comfortable and enjoy yourselves optimally while staying with us.

Our building is built on a wonderful nature ground with green grass and colorful flowers, so even though you are in the middle of the city, you can still feel like you are out in the nature when you are having a nice barbecue on our terrace.

### Oldfruen at Dan and Tinna Kobbernagel

We are looking forward to welcome you in Marielyst as a guest og to hear from you if you have any questions or wish to get any further information.

### With the intention for a treat.

*Have your party at Oldfruen  
- with the opportunity for a total arrangement  
w/overnight stay.*
